## FORTRESS FALLS 2ND TIME IN 1500 YEARS

Gen. George Patton of the American 3rd Army became the second General in history Wednesday to reduce the fortress city of Metz.

The fortress fell to his army as the First French army threw a pincer about Strausberg east of the Third army operating area. Once before in 1870 Metz fell to the Germans after a long siege and held by the French. After the conclusion of the Franco-Prussian war of 1870 Metz was ceded to Germany. The city is located in Lorraine. Thus General Patton became the second general in history to take the fortress, one of the strongest in the world. It had been impregnable with these exceptions in 1500 years of its history.

In world war 1 the city was occupied by the American army under General Pershing after it had been evacuated by the Germans.

As Patton's army advanced violent fighting was encountered in Germany. The American 7th Army and the French were collaborating in the pincer on Strausberg.

Swiss reports said uprisings have occurred in Germany as giant swarms of Allied bombers from Italy swept the Reich.

The Japs sent a new type bomber over the Philippines. The Japs have suffered new shipping losses.

## Fights With Merchant Marine; Sees World In Year of Sea Travel as Radio Man on Ship; Johnnie Slavik Comes Home for Brief Visit

Seeing the world from a merchant ship and fighting with the Merchant Marine has been the unusual experience of Johnnie Slavik, Radioman First Class, who has just concluded a short visit at home.

Johnnie, who made a sensational record at Colorado University in scientific studies and emerged among the 5 high after 18 weeks of training in a class of 400, is the son of Mr. and Mrs. Jos. Slavik, Sr., of Marak.

A volunteer, he entered the navy in May 1943. Shortly after his graduation he was assigned to sea duty because of his excellent record and now is a Radioman first class. Military security prevents him telling anything about his experiences but they were both thrilling and dangerous.

His ship was in New Guinea, Australia, later in Indian Ocean and to that black hole, Calcutta. In other voyages he was off the coast of South Africa, saw the Portuguese, went to Arabia, Cairo and was at Barrie, Italy. In this area some of the violent naval and air actions of the Mediterranean war occurred. An interesting touch of port was at Bizerte in North Africa where the Germans and British fought so long in the delayed re-conquest of Tunisia.

A very special privilege was two weeks in Rome, where the Americans had taken over after the Germans were driven out.

## WAR CHEST QUOTA IS TOPPED IN COUNTY

Milam county was over the top in the War Chest subscription drive November 11 and by Wednesday, November 15 the grand total had reached \$14,555 or 101.5 over the quota.

Richard W. Hester who gave the War Chest fine leadership as county chairman, was expressing his gratitude to the committee chairmen and workers, as well as the people who made the quota possible by the closing date of the drive.

The Cameron Community Chest which is a simultaneous canvas was also over the top by Saturday.

Despite need for work on the farms in the rural areas, Mr. Hester said the people responded splendidly. He said that the following districts deserve special commendation: Thorndale with Eric Kaspar as chairman and Cameron with Albert Collins as chairman; and the negro people with Rev. P. R. Humber as chairman.

Thorndale contributed 135.2 of its quota to lead the county in oversubscribing. Each community in the district save one oversubscribed their quota by wide margins.

In Cameron with a combined War Chest and Community Chest quota of \$6,500 the total thus far is \$6,889 with more workers yet to report. This sum is equal to almost half the county quota and Chairman Collins was being praised for his efforts.

The negro people under the leadership of Rev. P. R. Humber raised a total of \$680 for an oversubscription of 113.3 being second in the proportionate over plus reported. Mr. Hester said Rev. Humber and his workers deserve special praise since so many of their people are out of the

county at this time. One colored community in the county where negroes are outnumbered raised more funds than did the white people.

## Southwestern Life to Buy \$10,000 in Bonds Here During War Loan

S. E. Brogdon, Cameron representative of the Southwestern Life Insurance Company has received the following letter from R. W. Archer, publicity director:

The purchase of \$10,000 in United States Government Securities has been authorized by President O'Donnell for your County in connection with the Sixth War Loan Campaign. However, it is possible that a ruling of the Treasury Department will require all of our purchases of bonds during this campaign to be credited back to this County.

The Company's investment in War Bonds during this drive will probably exceed \$5,000,000, bringing our total purchases of United States Government Securities since Pearl Harbor to \$49,000,000.

Mr. and Mrs. Sammie Simes of Gardo, Ala., are announcing the arrival of a baby boy born November 11, 1944. Mrs. Simes will be remembered in Cameron as the former Miss Edith Schlemmer.

## HESTER GIVES THANKS FOR WAR CHEST QUOTA

Richard W. Hester, county director of the United War Chest, in expressing his thanks said:

"I wish to express my appreciation to the chairmen, workers and people of Milam county for the splendid co-operation and spirit of giving which made this War Chest drive a success.

"As we go from the War Chest into the 6th War Loan with Dan Tyson and his workers, many of us feel that life is just one drive after another. To those who think this to be an imposition may we suggest the following prayer:

"Dear Lord:

Lest I continue on my complacent way,

Help me remember

That somewhere out there

A man died for me today.

So long as there is war

I then must ask and answer:

Am I worth dying for?"

## Admiration - Where All Tastes Meet

Dear Son:  
I know it all too well. She called you a mouse and you called her a moose. Twenty five years ago your mom and I started every breakfast the same way. It went on for months. I had to sift a lot of sand to find the flea but I found it. It was the little things of married life—like squeezing the tooth paste tube in the middle, cold flabby pancakes, uncombed hair, and others. We both were guilty and admitted it. After that compliments replaced criticism and well, Mary and I agree that life without each other would be like wandering in deserts. We still do.

### Poem is Dedicated to Cameron War Dead by Lane E. Horstmann

A poem, inspired by news of the death of three Cameron men whom he had known and who gave their lives in the current war, has been written by Lane E. Horstmann, son of Mr. and Mrs. O. B. Horstmann of Cameron.

Lane who is attending school, will soon go into the service. The known dead among the three mentioned is Major William G. Gillis. Missing in action and believed to be dead are Bobby Bennett, submarine victim in the Pacific; and Sgt. Clyde Batte, gunner on a fortress bomber, missing over Germany.

The poem:

AS TO DEATH  
The cold, white moon has risen high,  
All nature is asleep;  
And through the forest of the dead,  
Death alone doth creep.

Death's steps are sure,  
The path is straight,  
Death has a deed to do;  
This deed, can it not wait?

Death does not falter.  
Why should we pray  
To linger here another day  
And face anew the open-doored  
sepulchre?

No fanfare loud when Death does  
move,  
None cherish Death's Caress.  
When Death turns back into the  
night,  
The earth is one soul less.

So live on earth as men ye would,  
Fear not Death's presence near:  
Live only as God deemed ye should,  
And life will be pleasant here.  
LANE E. HORSTMANN.

### SHOWER HONORS MRS. HAASE

A shower for Mrs. Herbert Haase, the former Miss Mary Frances White, recent bride, was given in the home of Mrs. Coy C. Arledge on the afternoon of Tuesday, November 7, 1944, from 3 to 5 p. m.

Some 55 guests were present for the occasion and Mrs. Haase received many beautiful gifts for which she expressed her thanks and in behalf of her husband Sgt. Herbert Haase who is now on his way to the Pacific Theatre of war.

In the receiving line were Mrs. Arledge, Mrs. Haase and Miss Florence Hobson.

Refreshments were served from a lace cloth covered table. White candles and red roses were clustered about the crystal punch bowl. Cherry punch, open face sandwiches, sand tarts and cherry cake were served.

Miss Olivia Lehmann of Buckholts presided at the punch bowl and Miss Elizabeth Ann Schmidt of Buckholts received gifts at the door and conducted guests to the display of gifts.

After the formalities of the shower and reception guests were shown through the Arledge home, a new one four and a half miles west of the city on a small ranch.

Mrs. E. M. Willie, mother of Mrs. Arledge and Mrs. E. C. Willie, sister in law of the hostess for the occasion, who live at San Gabriel were guests in the home and for the shower and reception.

# MEET "DOC" GRIMES, H. F. S.\*

Things are mighty different for "Doc" these days. He looks back wistfully to the time when he had plenty of gas, tires and other products for his customers . . . when experienced help was plentiful . . . and his service was something he could—and did—brag about.

Today—he has to work harder and longer doing most of his work. He knows doctors, war workers and lots of other essential drivers must keep going with old cars and old tires. And he figures it's up to him to see that they do.

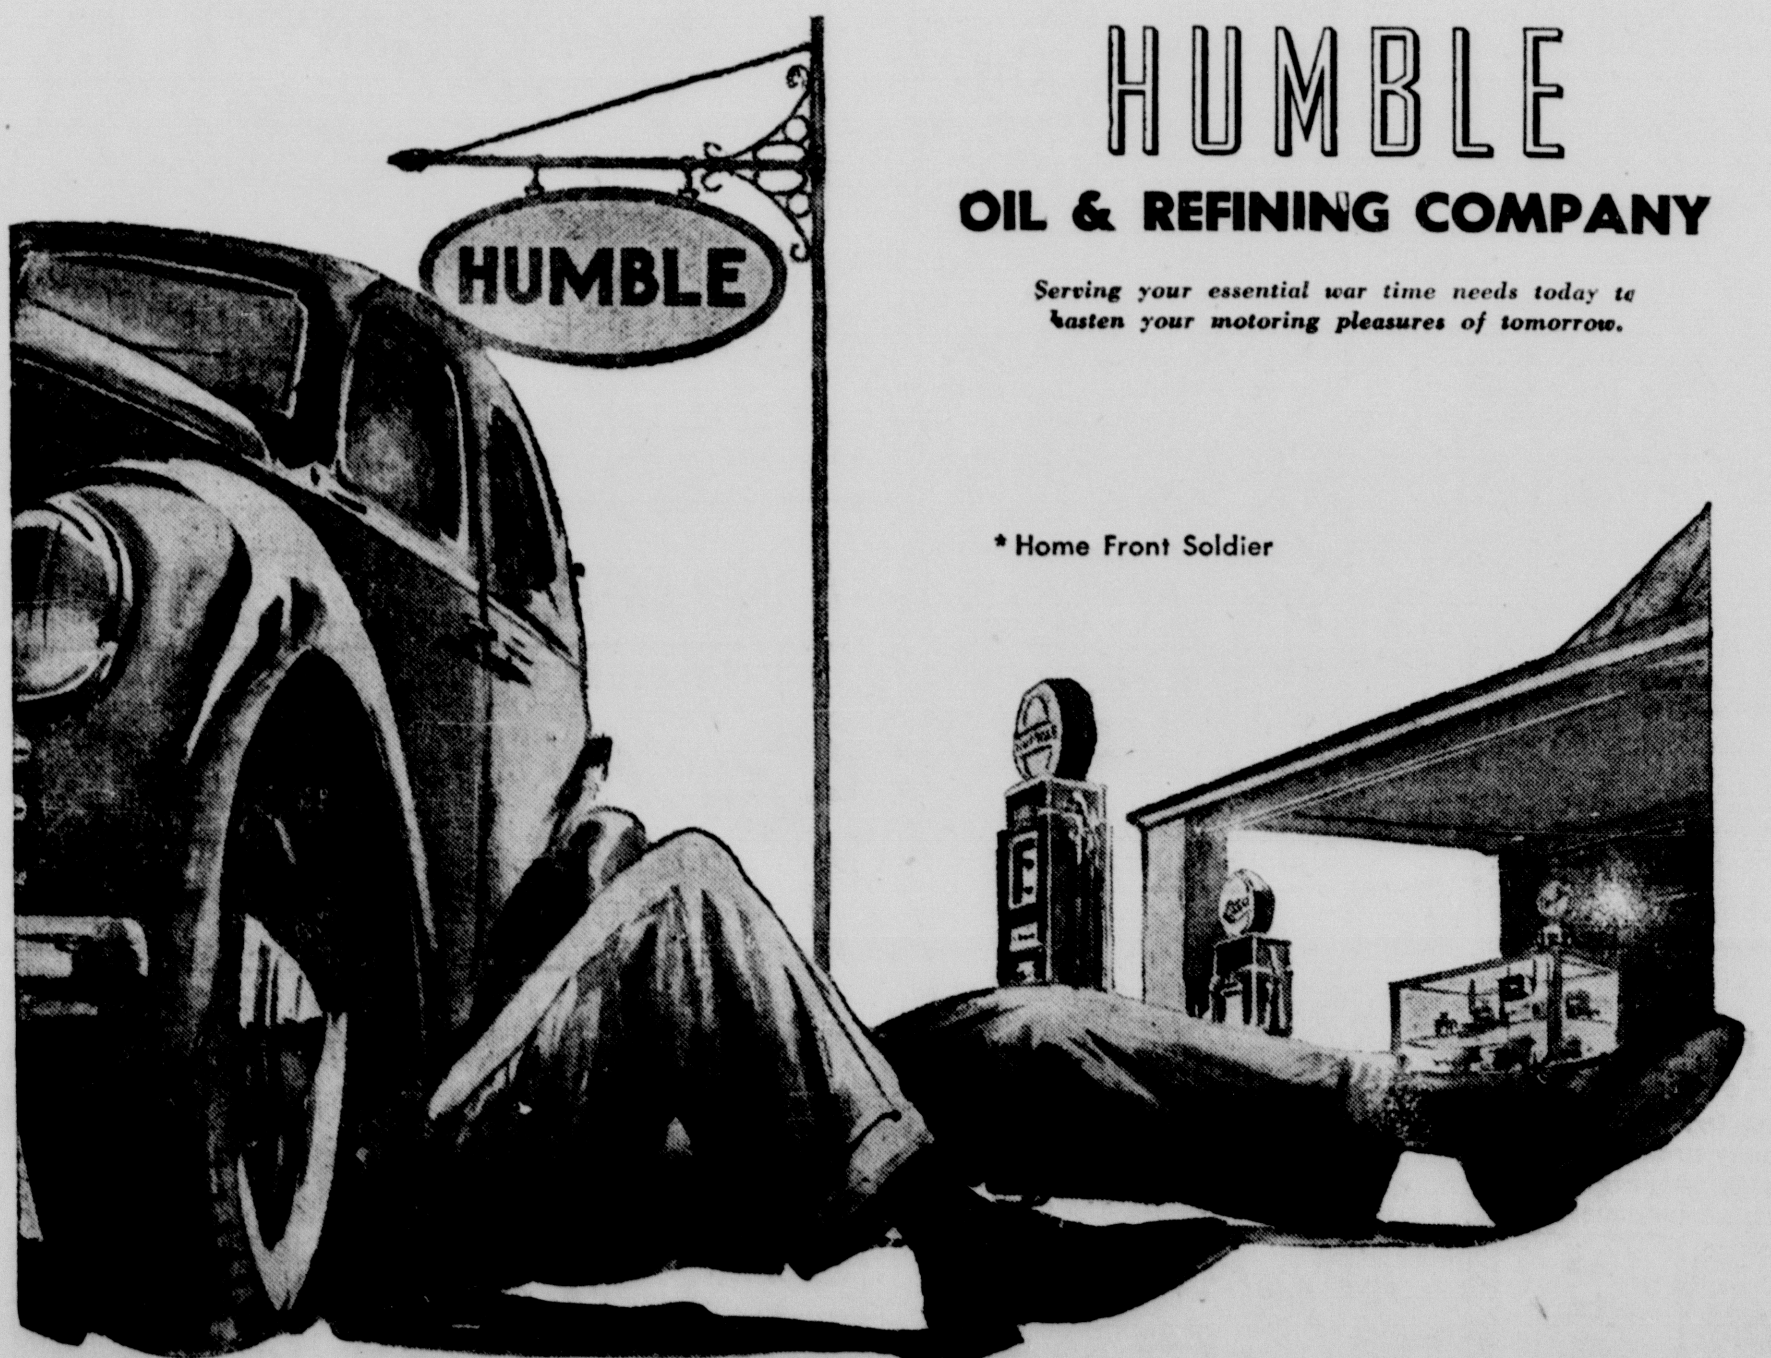

There may be times when he can't sell you a thing—but "Doc" is always glad to see you, always glad to give you any of the typical Humble Services that will help keep your car in good shape. For he's looking forward to the day when you can once more drive into his station, road map in hand—and say, "Fill her up, Doc We're heading for the highway."

Tetra-ethyl lead, when added to gasoline, raises the octane number of the gasoline and reduces or eliminates motor "ping." But tetra-ethyl lead has recently become a critical war material . . . so critical that the Petroleum Administration for War has directed all refiners of premium grade fuels to limit their production of such gasoline to one-half the amount pro-

duced during the six months prior to June 1944. This reduces drastically the amount of premium gasoline available to civilians.

Also in the interest of conserving war-vital tetra-ethyl lead, P. A. W. has directed that less of it be used in the manufacture of all Regular gasoline. Consequently the octane number of this product has been reduced from 72 to 70.

So, if your Humble Station is temporarily out of Esso Extra, or if Humble Regular does not perform in your car like it did in the past, please remember that tetra-ethyl lead is really at war . . . just another of those small sacrifices all of us at home are asked to make in the interest of an earlier Victory.

# A Prayer

Across the world the sound of shells has ceased . . .  
And quiet shrouds the battle-rubbed West . . .  
The enemy has laid away his arms, and Death and Pain  
are done in France.  
But I go on . . . for I must fight and kill . . .  
And work and sweat . . . and hide and run . . .  
For here the enemy is very much alive . . .  
His bullets still are made of lead . . .  
Their angry whispers still foretell of sudden death  
For me and others crouched in slime and mud . . .  
The end for us is yet to come . . .  
And so we pray to God to give us strength  
To fight and win . . . without the waste of Time . . .  
And with His Will . . . to see our homes again.

## A 20th Century Santa Is William P. Dwyer Huge Yule Log Fire

He was just a little boy, even though he was 10 years old, and one shoe sole kept flapping and turning under when he walked. But there was a look of hope in his eyes as he followed the man ahead of him into a big room full of toys and machinery.

On one side were stacks of new-looking sleds and by these the man halted.

"How about a nice sled?" the man asked. "Would you like that?" He did not need to wait for an answer; it was on the boy's face.

So Santa Claus, in the person of William P. Dwyer, managing director of the Santa Clause Castle in Kansas City, Mo., had scored again. The little boy was one of 1,329 children who received free toys from the "Castle" last year besides more than

400 children in orphan homes for whom Dwyer had saved playthings.

His organization collects used toys during the year, some slightly damaged ones being contributed by business firms. He and his helpers repair and rebuild them. At Christmas they are given to needy children.

Last year they had about 2,200 toys Mr. Dwyer estimated.

### Perfect Eyes

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say gives them relief from the cramp-like pain and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

# Buy bonds till it hurts!

Go without and do without if need be to help speed the pace of victory

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even to put the 6th War Loan over the top.

But our fighting forces certainly will feel that their sacrifices are appreciated if we deny ourselves some things and put the money into extra War Bonds instead.

Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

## Ed Carey Talks (Thanksgiving) Turkey

Bert Childers hails Ed Carey on his back porch. "What you doin', Ed?" he asks.

"Pluckin' our Thanksgiving turkey," Ed replies.

"Looks like a chicken to me," says Bert. "Looks like one to me, too," Ed allows. "But with so many turkeys goin' to our fightin' men, some chickens got to do a turkey-size job."

Guess that's the way Thanksgiving is going to be in a lot of homes this year. We'll be sitting down to rationed foods and substitutes—and being mighty glad

about it! . . . knowing that the best is going to our men overseas.

And from where I sit, the most important thing of all isn't rationed. That's the Spirit of Thanksgiving! Today—as the lights are going on again all over the world—there's more of it than ever! And more cause for it—as the powers of darkness yield to freedom, tolerance, and human kindness!

THE WAR ISN'T "OVER" for him..

On crater-filled beaches and battlefields, in grimly fought house-to-house offensives, in foxholes and in bombers over skies riddled with enemy shell-fire, our fighting men are giving everything in the desperate battle for an early peace. There is no talk "over there" of the war being "almost over."

So dig deep, America . . . and often! Remember, the war isn't over until the last shot has been fired in Berlin and Tokyo. Invest every extra dollar in more and more War Bonds . . . help put the 6th War Loan over the top . . . and help bring the boys back home sooner!

Selling War Bonds is one of the many ways in which Texas Power & Light Company is supporting the war effort . . . over and above its responsibility to keep electric power continuously available for military installations, war industries and civilian needs. Texas Power & Light Company and its employees, in addition to selling War Bonds and Stamps to its customers and other citizens, are also buying War Bonds themselves REGULARLY and OFTEN.

## War Bonds Blast the Way for Quick Victory over the Japs

We're remembering a lot of things on this anniversary of the treacherous attack on Pearl Harbor by the Japs on December 7, 1941. We're remembering, of course, that we owe them something in kind. We're remembering that buying War Bonds helps pay them back in kind. We're remembering that the 6th War Bond campaign is

on and that this day is the logical day for Americans to buy an extra bond during the drive. We're remembering that the drive total is \$14,000,000,000 and that the Japs won't feel so good to know that their December 7 treachery evoked a peak day in War Bond sales.

Your Country is still at war---ARE YOU?
